

## **CIVIS Pedagogical Innovation week in AMU, 4-8th, 2022**

Stimați

Profesori,

Cu bucurie dorim să vă aducem în atenție oportunitatea din cadrul CIVIS de a împărtăși proiectele incluse în Handbook-ul [Innovative Pedagogies: Ways into the Process of Learning Transformation](#).

În cazul în care sunteți interesați să participați, vă rugăm să confirmați prezența și să menționați detaliile solicitate până luni, 30 mai, la adresele de email indicate.

*AMU's coordinators of WP7, TF Innovative pedagogies would like to take benefit of the visit of people coming from Bucharest (5 teachers, 10 master students, and 3 experts of the Romanian ministry of education) next July (through an Operational "Programme Human Capital project" POCU ) in Marseilles, to widen this week-event (July 4th-8th) to the members of the CIVIS alliance. Our Romanian visitors would like to discuss the AMU good practices reported in the IP CIVIS handbook. Furthermore, it could be interesting if **other contributors to the IP Handbook (others from AMU) could join us in Marseilles during the week of July 4th to present one of their good practices described in the IP Handbook (or further new projects)**. Since the travel and accommodation expenses will be in charge of CIVIS, the answer of the persons interested in travelling (and available that week) is urgent. We are sorry for this short notice; there are CIVIS constraints, and we do need to get the information of **who will come, their email address, and the days of arrival and departure by next Monday morning (May 30th)**.*

*Please, send the positive answers to [gabrielle.regula@univ-amu.fr](mailto:gabrielle.regula@univ-amu.fr) and [valerie.caraquel@univ-amu.fr](mailto:valerie.caraquel@univ-amu.fr) before next Monday morning (May 30th).*

*Hoping to see some of you in Marseilles next July,  
with our best regards,*

*Gabrielle & Valerie*
