

CIVIS INFO

Stream 3 Infoday

Stream 3 colleagues are organizing an online Infoday to provide a comprehensive overview of our new and innovative Embedded Education Offer.

The session will showcase the upcoming educational programs and present how to design them to meet the evolving needs of learners in today's world and co-create the future possibilities of CIVIS Education Offer.

This Infoday is a unique opportunity for academics and staff to explore the possibilities and discover the various educational pathways that CIVIS has to offer.

You are kindly invited to disseminate the event to your community.

- **10th July 13h-14h**
- registration & connexion details to come soon from Stream 3

Upcoming CIVIS network-building activity

We kindly invite you to facilitate the dissemination of this meeting: "Food in libraries", which will take place **on 4th July (10h-10h45)**. This meeting is the first proposal validated so far under the network-building activities call. The goal would be to organize such an event on a monthly basis, organizers would appreciate if some colleagues had topics to suggest that are of interest to the whole librarian profession, they could then come up with a calendar for these meetings.

- **4th July - 10h-10h45** (Zoom link [here](#))
