Report CIVIS Staff week at UAM

After having successfully hosted the first CIVIS staff week on micro-credentials, [UAM issued a report](#) which provides crucial post-event information and recommendations that will feed the planning of next trainings of this type within the alliance. The opening to non-CIVIS attendees proved to be relevant as 13 out of 28 participants were coming from other Higher Education Institutions (HEI), involved in European alliances (4EU+, ENLIGHT, EDUC, ARQUS, FORTHEM, INGENIUM + ECIU, UNITA & EUniWell for the speakers). Feedback from participants highlighted the effectiveness of the format and the significance of the themes explored. Congratulations to the organizers for building this very promising programme!
