## Update - CIVIS seedfunding call

The information session on the seed funding call for research and African-European collaboration has been a huge success.

Please share the following slides which were presented, potential applicants who did not attend the session can find the recording [here](#) and an updated Q&A [here](#).

We launched a partner search platform to help colleagues to look for a partner for a project proposal. They can enter their information about their partners' search [here](#) and access to the open partner search platform [here](#).

The [CIVIS Research OpenData website](#) may also be an additional useful tool for the partner search at a European CIVIS university

The main contact in case of question is: [seed-funding-2024@lists.civis.eu](mailto:seed-funding-2024@lists.civis.eu)

**The deadline for the call is 31<sup>st</sup> March.**
